At last, it seems, the Democrats of Kentucky are to be granted a platform convention by "the powers that be." It would have been more satisfactory to the bulk of the voters some months ago, but upon the idea that it is "better late than never," we welcome the event. The platform will no doubt be all that any Democrat could desire.

Already the seductive voice of the Republican agitator who seeks to create division in the Democratic ranks is heard in the land. He well knows that only by this means can his party win. He seeks to create dissension in various ways—usually by stirring up the resentment of men whose choice of some candidates failed to win. This is an old game and no loyal Democrat should pay any attention to it.

Mr. Latt McLaughlin, of Madisonville, who was a candidate in the recent primary for the Republican gubernatorial nomination, comes out in a jumbled and scornful card to his opponent, Mr. Morrow, in which he holds the latter up in a very bad light. Mr. McLaughlin will hardly win anything by this. The public loves a game loser, whether in politics or anything else. Mr. McLaughlin need not worry. Mr. Stanley will attend to Mr. Morrow's case in due time and with the utmost satisfaction to the Democratic party.

Perhaps no man in the State felt more humiliated and crestfallen last year than did Mr. Stanley in his defeat at the polls. It was a costly campaign and his political downfall was crushing. Yet what did he do? Did he sulk and get sore? Not a little bit. He dived right into the campaign and from then on till the final day of election he made more speeches for his opponent than the latter did for himself. Mr. Stanley is the embodiment of a very able man—broadminded, undaunted and a political warrior of the stalwart type.

Despite the usual complaint about the weather, both locally and throughout the country, it is evident that in these sections abundant crops will be raised this year. Of course there will be complaint from some quarters. The chronic grumbler, like the poor, is always with us. But the prospect for good times looks bright. There is nothing that can discount the effect of abundant crops. Let us rejoice and be glad that although nearly all the outside world is at war, we are at peace, with the old earth giving us of her abundance to keep us fed and clothed.

Upon the third page of The Herald to-day will be found an excellent article, written by one of Ohio county's foremost farmers, giving an account of a visit of himself and other progressive men of his calling over into Warren county, and what they saw. It is a splendid description of a very profitable trip. There is no reason why the majority of Ohio county farmers should not be up with those of other sections in progress and success. We have the intellect and the land. All we need is action and the spirit of progress. Read his narrative and ponder over it.

It seems generally agreed among Democrats that Mr. Stanley's majority in November will or ought to be about the same over his opponent as it was in the recent primary. And it will be if there are no defections from the ticket. Kentucky is a Democratic State—there is no doubt about that. It has only been when there was a split in the party upon some question that the Republicans have won—not by virtue of the most votes, but clearly the fault of the Democrats themselves. There is no reason for any party division now. A full Democratic vote will win a big victory.

AN ARMED MOB TAKES LEO FRANK FROM PRISON

Warden and Guards Overpowered—Disposal of the Body a Mystery.

Milledgeville, Ga., Aug. 17.—A mob variously estimated as made up of from twenty-five to seventy-five men, after overpowering the warden, superintendent and guards of the Georgia State prison farm here, took Leo M. Frank from the dormitory at 11 o'clock last night.

First reports that they may have been friends of Frank's were dispelled when a prisoner in the dormitory stated that he heard a member of the mob say that Frank's body would be placed to-morrow on the grave of Mary Phagan, at Marietta.

Frank was serving a life term for the murder of the girl.

The mob was orderly, but worked with quick precision. Eight automobiles took the men to within a short distance of the prison. First all telephone wires leading to the prison and all except one from Milledgeville were cut. Five men went to the house of J. T. Smith, warden, covered him with pistols and stood guard over him. Other men went to the house of J. M. Burke, superintendent of the prison, and held him under cover of their guns. Practically every other member of the mob rushed to the stockade gate nearest the dormitory where Frank was being housed. Only yesterday did physicians discharge him from the hospital, where he had been since being murderously assaulted in the dormitory.

Previous to the attack wires leading to the prison itself had been cut. Frank was placed in an automobile

and rushed in the direction of Eatonton.

The attack was shortly before midnight. The warden and most of the guards were sleeping on a rear porch of the main building in which the prisoners are confined. Both he and the guards were handcuffed, after which the party entered the prison and removed Frank.

Eatonton, Ga., Aug. 17.—The men who took Leo M. Frank from the State prison farm at Milledgeville last night had not passed through here at 1:30 o'clock this morning.

Augusta, Ga., Aug. 17.—Sheriffs' posses have been ordered out in all the counties surrounding Baldwin county, in which the State prison farm is located, to search for Leo M. Frank.

PROMISED HE'D MARRY IF NOMINATED AND DOES SO

Mayfield, Ky., Aug. 12.—Judge Bunk Gardner, Police Judge of Mayfield, and Miss Winnie Winn were united in wedlock at 6:30 o'clock this evening in the parlors of the First Baptist church with Dr. H. N. Barbee, pastor of the First Presbyterian church, officiating.

Judge Gardner received the nomination for Circuit Judge of this district in last Saturday's Democratic primary election, and his marriage is the fulfillment of a promise made during the campaign, when one of his opponents urged the voters not to vote for Judge Gardner, because he was a single man. Judge Gardner replied in his speech that if he should be nominated that five days after his nomination he would be married to the sweetest girl in Mayfield.

He says that this is only the beginning of making good every promise he made during the campaign. They left to-night for Chicago and other points.
